A Practical Guide to Designing, Planning, and Executing Citywide Slum Upgrading Programmes. While 220 million people have been lifted out of slum conditions over the past 10 years, the number of people living in slum conditions is likely to grow by six million every year, to reach a total of 889 million by 2020. It is necessary to equip cities and their practitioners with the tools and capacities to anticipate and control urban growth and city officials will require knowledge, skills and ...

How to choose practical living room flooring Your living room flooring suffers a lot of use and abuse, so choosing the best is key. A carpet may look lovely to begin with, but light colours should be avoided in favour of darker shades, contemporary patterns or a low-pile, stain resistant carpet. Either way, it's worth knowing how to clean carpet before you have yours laid.
