WHATS ON MY IPOD 5

Here's the weird thing, the album art is correct on my iTunes but when it's on my iPod it shows the wrong cover. It can show a different cover art on the iPod than what's shown on iTunes. Why or HOW are there tags embedding themselves? I thought we have absolute control what's tagged in our music.

One of the coolest things about the iPod Touch is its album art feature. The album art is the picture that comes up when you're listening to a song and it will feature the cover of the album or single you are listening to. But, you may have also noticed that when you're listening to a song, sometimes the cover art will simply be a musical note, or it will only display a blank screen.
