The American Pastured Poultry Producers Association is a non-profit trade organization that encourages the production, processing, marketing, and purchasing of poultry raised on pasture.

American Pastured Poultry Producers Association - Home

Pastured poultry generally commands higher prices; therefore, the potential for profit is higher than with conventional, confinement poultry. Under this system, poultry is usually sold locally, with only minimal processing. Prices vary among producers.

Pastured Poultry Profile | Agricultural Marketing Resource ...

Profit margins on poultry are very slim, and accurate record keeping to track costs is imperative. Spencer has calculated his cost of production at \$11.30/broiler. This figure includes feed, processing, gas/transportation, chicks, shelter, infrastructure — such as fencing and automatic waterers, as well as freezers for storage — and labeling.

Started Reading "Pastured Poultry Profit\$" - Joel Salatin. Sort by reaction score ... I learned what goes on in those commercial poultry places as well as feedlots from that book and I will never ever by meat from anyone but this local organic farm I found, they have have 122 acres and the cows are all grass fed and processed using the Temple ...

Started Reading "Pastured Poultry Profit\$" - Joel Salatin ...

Joel Salatin, author of Pastured Poultry Profits, grows what he calls a "permanent polyculture" which is a mix of "grasses and clovers, including native grasses, broadleaves, clovers, chicories, oats, and rye". Salatin also suggests keeping grass short (a few inches) because it helps the birds to ingest more food.

How to Establish a Small-Scale, Pastured Poultry Operation ...

"There's a good profit margin raising chickens and turkeys on grass," said Jason, "as long as you know your inputs, get your prices right and keep your mortalities low." The small scale of pastured poultry, along with its quick turn-around and minimal equipment needs, attracted the Fischbachs to raising poultry on pasture.
