Third World Women's Epistemic Privilege One of the major premises of third world, transnational, and global feminisms is the ability of disenfranchised third world women to be not only agents of feminist changes but also the locus of a more objective knowledge for understanding social reality, whether locally or globally.

Transnational, Third World, and Global Feminisms

Transnational feminists examine issues from a global perspective while considering how they intersect with our lived experiences in the United States. We focus on intersections across nationality (including race and ethnicity), sex, gender, and class within the context of modern day imperialism and colonialism.

On Transnational Feminist Solidarity. By Hadeel Abdelhy. When Saudi Arabia recently lifted the ban on women driving, a proliferation of responses from feminists around the world abounded. Of course, for a long time, the ban on women driving was viewed as the ultimate symbol of Saudi women's oppression. Trendy hashtags and intense debates about feminism and women's rights in Islam were on social media, with many non-Saudi feminists focusing on debating guardianship law.
